

Needle Disposal Form

Last revised on 01/12/2023

Kamwo Meridian Herbs employs Stericycle Inc., New York, NY experts in infection control and healthcare compliance services, to dispose of used acupuncture needles. Kamwo Meridian Herbs is pleased to provide safe, reliable needle disposal service to its customers. In order to adhere to safety standards, please follow the requirements listed below:

- Kamwo can only accept industry approved, regulated, hard-sided red biohazard sharps containers with a locked top – Kamwo will NOT accept non-regulated containers. Industry approved red containers are available for sale at Kamwo.
▪ All containers must be secured with clear, 2” wide clear packaging tape. The packing tape must securely cover the opening of the container and around the seam between the container and the lid.

Note: Kamwo accepts biohazard sharps containers for disposal if they have a) been purchased at our establishment and are clearly labeled with Kamwo stickers or b) if you are purchasing an equal or greater number of containers at the time of drop off/exchange. Kamwo also accepts irregular sizes of biohazard sharps containers that are not sold at Kamwo; however, there will be an extra charge.
